## CDBA changes, clarifies, and enforces its camping rules

### Things to keep in mind if you want to spend the night.

Of all the festivals, sporting events, and family oriented activities that happen at Dexter Lake, the Columbia Drag Boat Association is the only organized group that has been allowed to camp on the premises. This is a privilege that is only afforded to those who are active members of CDBA. The "camping memberships" are no longer available. It will be

necessary to have a camping armband in order to be in the park after hours. To get this armband, members must register at the association trailer during regular hours. Please don't forget to take care of this before the trailer closes on Friday night. The campsites will be on the west side of the park. Parking will be at the east end of the park. The sites will be run like the

pits with a site registration. Each person in your camp site must be listed on the registration and needs to sign the site camping waiver in order to receive an arm band

**Review: You must be a member to camp. You must be registered to camp. You must have signed a camping waiver to camp. Admission/staff/driver/crew armbands are separate.**

## Calling all new drivers and those of you who want to be new drivers

There will be a new driver orientation on the ramp/dock at 5:30 PM Friday night. Take a ride in the rescue boat to the starting line and see how the lights work. Have many of your questions answered.

### Membership Discount

Don't forget to sign up for your CDBA Membership before the end of the weekend. Early membership discount ends 6/19/17.
